

Special Colloquium

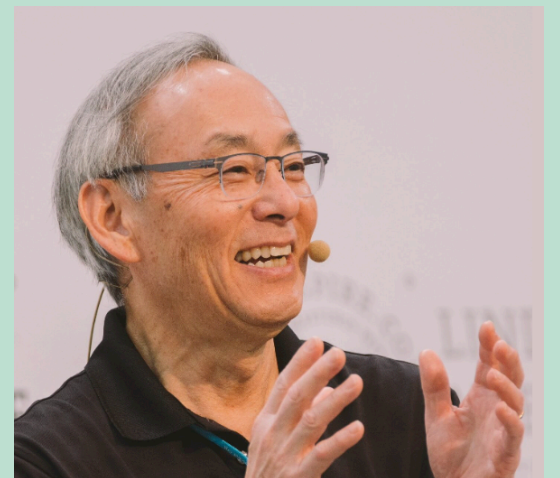

UNIVERSITÄT
HEIDELBERG
ZUKUNFT
SEIT 1386

Prof. Steven Chu

Stanford University

William R. Kenan, Jr. Professor of Physics

Nobel Prize in Physics 1997 and
former Secretary of Energy under Barack Obama

<https://web.stanford.edu/group/chugroup/>

What new biology and biophysics can be learned from nanometer-millisecond tracking of the dynein molecular motor

Tuesday, 10 May 2022, 13:15

Hörsaal 1
Kirchhoff-Institut für Physik
Im Neuenheimer Feld 227

The colloquium will be followed by a Q&A session
on Prof. Chu's current research and former work

Researchers and students from all disciplines are
welcome!
