Corrigenda since the removal of the remark 'preliminary'
Before eq. (3.15) $\mathbf{E}$ instead of E.
Between eqs. (7.43) and (7.44) $q'' = q'R/r'$
In sections 20, 21, and 24 Lorenz gauge instead of Lorentz gauge (see note in section 20)
In (22.a.α) Φ_0 and $\mathbf{A}_0$ instead of Φ and $\mathbf{A}$.
After eq. (C.33): 'The appearing powers of the $\cos\theta$ can be written $(\cos\theta)^{l-|m|-2k} = (z/r)^{l-|m|-2k}((x^2+y^2+z^2)/r^2)^k$.'
Corrigenda of obvious misprints are normally not listed here, but performed in the script.
